

I am against the FCC expanding its LPFM stations and taking priority over current FM translator service. K-LOVE radio provides a powerful and inspirational way for people in my community to hear God's word. The music K-LOVE plays is uplifting and encouraging, and all of their programming is family-friendly. If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, many people would lose the opportunity to hear the valuable message and positive service K-LOVE provides. My life has changed dramatically in large part due to K-LOVE's programming. After listening to K-LOVE for the last 4 years in San Antonio, TX, I rededicated my life to Jesus Christ in April of 2004. K-LOVE's positive message and constant reminder of what Jesus did for me planted a seed that produced positive change and growth in my walk with Jesus and in my role as a member of my community. I believe my entire community is served by the life-changing, encouraging programming K-LOVE provides. I am a pediatric nurse and I deal with children every day who live in difficult or broken family situations. I have personally seen the difference Christian music programming makes in the lives of these precious children who might otherwise have no hope of a better life. K-LOVE radio supports wholesome values and has a positive impact on my local community - I have witnessed it firsthand - and I believe the service provided by K-LOVE is in the public interest.
